This project proposal template will help you come up with a compelling and tractable project. Please email this to amon.millner [at] olin.edu when you complete it.

-A description of what your project will be and what it will do

-All materials you will use (if you’re not sure you’re going to include one, list it as a possibility)

-How you plan to obtain your materials (request through the ECE Stockroom at bit.ly/ece_stockroom, buying from a craft store, or obtaining from somewhere else)

-A sketch of what you think your project will look like

-What you think the easiest part of your project will be and why

-What you think will be the most difficult part of your project and why

-Any assistance you think you’ll need and who you plan to ask
